K-8 Education Policy

The Fort McDowell Yavapai Nation ("FMYN") wishes to provide support for Tribal member students to succeed academically and to provide increased opportunity for those students to participate in school activities and other enrichment activities by contributing to certain expenses incurred as outlined in this policy. The FMYN encourages and rewards student success through incentives.

Qualifications for Financial Assistance
1. Applicant shall be a legally enrolled member of the FMYN. Under this policy "applicant" shall mean Tribal member student.
2. Student shall be enrolled in an accredited school that takes daily attendance. Under this policy "accredited" shall mean an educational institution serving students from Kindergarten through 8th grade that is accredited by the North Central Association of Schools and Colleges, its regional equivalent, or is recognized by the Arizona State Board of Education.

Reimbursement and Direct Payment Option
All expenses will be reimbursed upon successful completion of the activity or program. A direct payment option is available in cases of financial need or special circumstance. Tribal members may request that the Nation make a direct payment to the vendor or school by filling out an application (Academic and Enrichment Program Assistance/Application and Promissory Agreement). The request must be approved by the Education Division Director before payment is made. If a direct payment is made on behalf of an applicant and the applicant fails to complete the educational program or activity the parent/guardian must repay FMYN the fees paid to the vendor or school. If a student fails to complete a program or activity that the Nation has paid for on two (2) separate occasions, the student will no longer be eligible for financial assistance through this program for one calendar year.

Expenses Eligible for Reimbursement
